

Sharetea

ALLERGEN INFORMATION

Below is a guide to any allergens that may be present (or cross contact) in Sharetea finished products.

This document is to provide a summary of products that contains allergens or may have traces of allergen due to production.

Based on Australian regulations, the top ten allergens to be listed are as follows:

SOY	MILK	PEANUTS	TREENUTS	SESAME SEEDS
LUPIN	EGG	FISH	SHELLFISH	WHEAT

Note: Although we try our best we cannot guarantee our products are completely free from allergens. Our statements are based on information provided by suppliers and the process implemented in making our drinks. External factors may affect allergen claims eg food consumed on site, cleanliness of utensils etc
